GLOW AND B-UNIK

Botanical Hyaluronic Acid
Deeply hydrates

Niacinamide and Arbutin
Boost efficacy

Aloe Vera
Soothes & nourishes

& other nourishing botanicals

BOOSTER SERUM

For Targeted Treatment:
Apply a small amount of the serum directly to areas with uneven skin tone or dark spots, such as the hands, knees, and elbows. Gently massage it into your skin until fully absorbed.

- For a more extensive skin brightening effect, we recommend mixing half a bottle of the Vitamin C Serum into 3/4 of the Radiant Glow Body Lotion bottle.
- Blend them together thoroughly and apply the mixture to your body, including the face, daily. Massage gently until fully absorbed.
- To achieve the best results, apply the mixture consistently in the morning and evening as part of your skincare routine.
- Always follow your skincare routine with SPF 15 sun protection. This is essential for shielding your skin from harmful UV rays, and maintaining your skin's radiance.
- Before applying the serum or the serum-lotion mixture to a larger area, it's advisable to conduct a patch test.
- Apply a small amount of the product to a discreet area and wait for 24 to 48 hours to ensure there are no adverse reactions.

NATURAL INGREDIENTS

Sunflower seed oil
Vitamin C
Kojic Acid
Aloe Vera
sea buckthorn extract
Glutathione
Collagen
