

E-commerce: Style Hut

www.stylehutbd.com

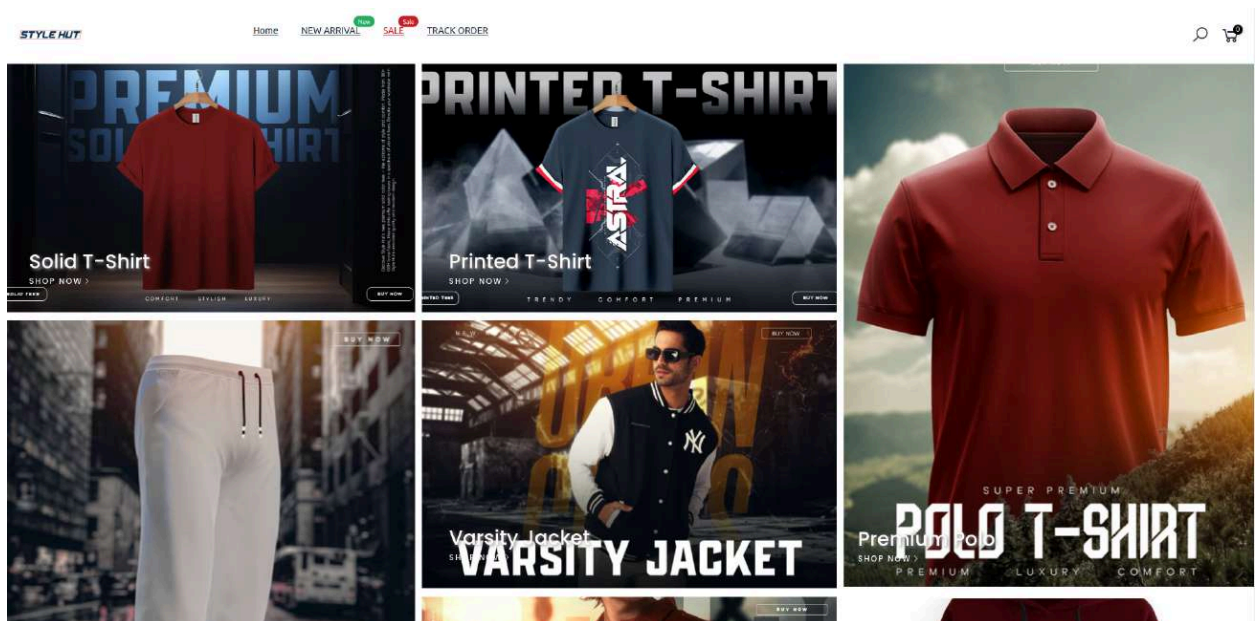

Web Panel Info.

Here are some key features and functionalities of the e-commerce application:

- User Registration and Authentication: Allow users to create accounts and log in securely.
- Product Listings: Display products with images, descriptions, and prices.
- Shopping Cart: Enable users to add/remove items, view total costs, and proceed to checkout.
- Product Search: Implement a search bar for users to find products easily.
- Categories and Filters: Organize products into categories and provide filtering options for better navigation.
- Secure Payments: Integrate payment gateways for safe and convenient transactions.
- Order Management: Allow users to track their orders, view order history, and manage shipping details.
- Reviews and Ratings: Enable customers to leave feedback and ratings for products.
- Wishlist: Allow users to save products for future purchase or sharing.
- Notifications: Send order confirmation, shipment updates, and promotional notifications to users via email or SMS.
- Responsive Design: Ensure the application is accessible and functional across various devices and screen sizes.
- Admin Panel: Provide administrators with tools to manage products, orders, and user accounts.

- Analytics: Track sales, user behavior, and other metrics to gain insights and improve the shopping experience.
- Customer Support: Offer assistance through live chat, email, or a help center to address user queries and issues.
- Security Measures: Implement SSL encryption, secure payment processing, and data protection measures to safeguard user information.
